CONTRACTOR OR INSTALLER WORK PLAN

(To be filled out by the contractor, installer or Owner)

Describe the contractor or installer work plan for your unit including the materials and process. See the guidelines for Hardwood Flooring, Hard Surface Flooring (Tile, Stone, etc.) or General Contract WP Work for details necessary for your project. Give an estimated timeline for the work.

For all flooring projects: List specifics about the surface material, underlayment material with IIC rating (very important), and the planned gap where the flooring meets a wall.

For all general contractor projects: Fully describe all structural changes. List obstacles to be moved or removed including plumbing, electrical wiring, cable, telephone, fire sprinklers, appliances, windows, doorways, or walls.

Date: _____ Owner Name: _____ Unit #: _____
